VERIFIED STATEMENT
OF

Roger Little
On behalf of
Behr Iron & Steel, Inc.

Roger Little
Vice President of Administration & Transportation
1100 Seminary Street
Rockford, IL 61107

I have worked for Behr for the last 12 years and am responsible for the transportation of 70,000 tons of scrap metal per month. Rail accounts for most of this traffic (350 to 400 railcars per month).

Behr Iron & Steel is a scrap metal processor serving the entire Midwest Region. We operate 10 retail locations and 4 major processing yards that are all served by rail. Behr Iron is served by the CN railroad in our Rockford, IL and Peoria, IL yards and we ship into Gary, IN and E. Chicago, IN via the EJ&E.

I believe that if the CN gains approval to acquire the EJ&E West Company that Behr Iron would benefit from the improved service to the Chicago area steel mills that we ship to. This would potentially relieve some of the congestion in the Chicago area. These improvements were demonstrated to us with the CN acquisition of the WC and also the IC several years ago. Our shipment from Webster City, IA went through Chicago to Wisconsin much quicker. We are currently doing around \$1 million in freight with the CN and hope to see that increase with the acquisition of the J.

We, at Behr Iron & Steel support the CN in their efforts to acquire the EJ&E's newly created division.

I, Roger Little declare under penalty of perjury that the foregoing is true and correct.
Further, I certify that I am qualified and authorized to file this verified statement executed
on October 31st, 2007.
